HOW TO TAKE A GREAT PORTRAIT FOR THE YEARBOOK

Guidelines:

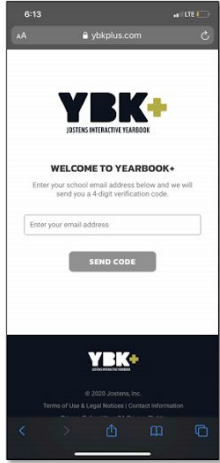

- Photo must show head and shoulders of just you.
- You must be facing the camera with your full face in view, and centered in the frame. No side profiles.
- Your background should be a neutral color.
- Your photo must include you and no one else. No photo bombing or group selfies.
- Do not include hand gestures of any kind.
- Do not include sunglasses, hats, or anything else that obstructs the view of your face. Exception: items used for religious purposes.
- You must submit a color picture- no black-and-white or filtered photos.
- Avoid odd shadows over your face and find good lighting. The light should be in front of you, not behind.

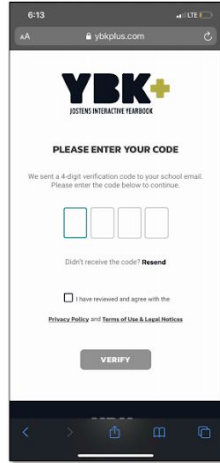

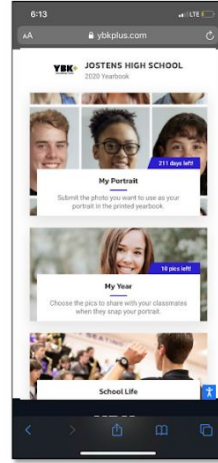

MY PORTRAIT VERIFICATION AND CONTRIBUTION STEPS

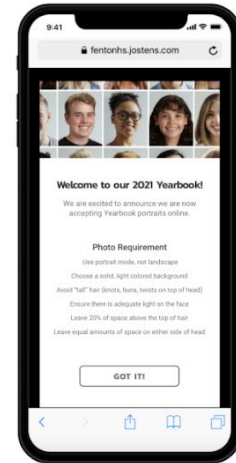

Once you are directed to **ybkplus.com**, we need to verify your identity prior to submitting any photos. To do this, we ask you to enter your school email address. If the email is a match, the YBK+ site will immediately send a four digit, one-time passcode to that email for verification.

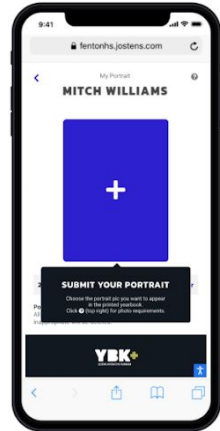

Enter the emailed code on your phone and agree to the Terms and Conditions. Once the code is entered, you are all set to upload pictures!

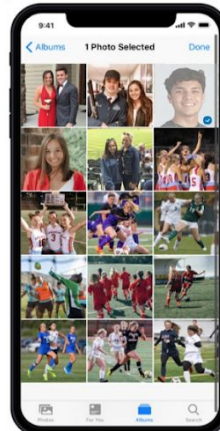

By clicking on the "My Portraits" tile, you will be able to upload your portrait.

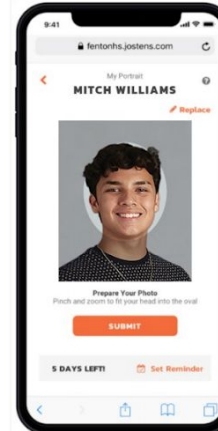

The site will show a brief tutorial that includes requirements for portraits.

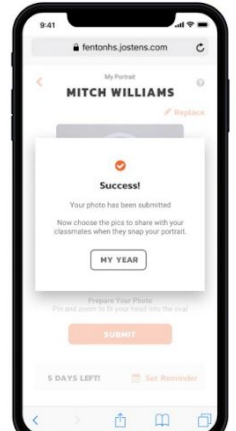

To upload a portrait, click on the blue rectangle. Because the login is tied to your email address on file at the school, Yearbook+ is able to identify you as a student.

Select a photo from the phone photo album or use the camera to take a portrait to use immediately.

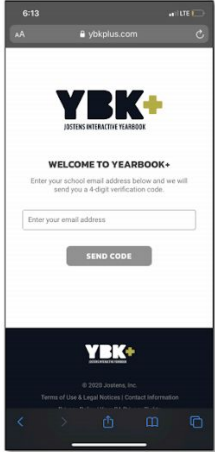

Pinch and zoom to fill the picture frame and make the head fit snugly within the oval.

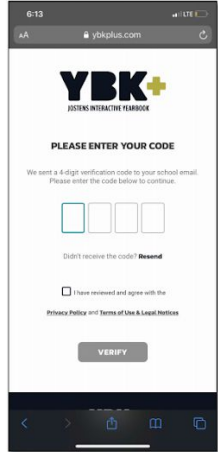

When the portrait meets the criteria, you will receive a success message.

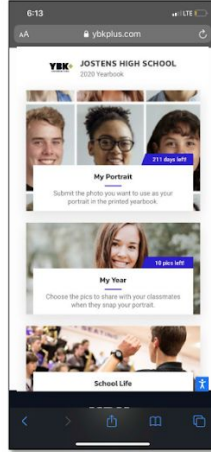

MIS PASOS DE VERIFICACIÓN Y CONTRIBUCIÓN DE RETRATO

Una vez que se le dirija a ybkplus.com, debemos verificar su identidad antes de enviar fotos. Para hacer esto, le pedimos que ingrese la dirección de correo electrónico de su escuela. Si el correo electrónico coincide, el sitio de YBK + enviará inmediatamente un código de acceso único de cuatro dígitos a ese correo electrónico para su verificación.

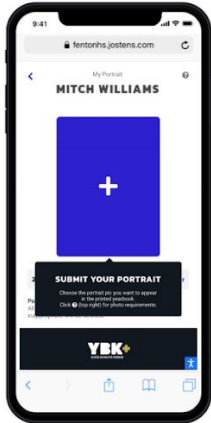

Ingrese el código enviado por correo electrónico en su teléfono y acepte los Términos y Condiciones. Una vez que ingrese el código, ¡estaré listo para cargar imágenes!

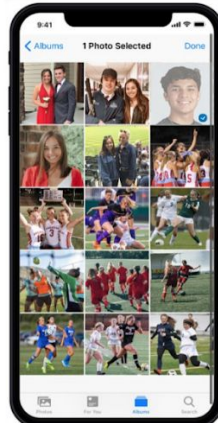

Al hacer clic en el mosaico "Mis retratos", podrá cargar su retrato.

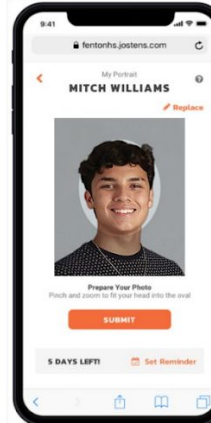

El sitio mostrará un breve tutorial que incluye los requisitos para los retratos.

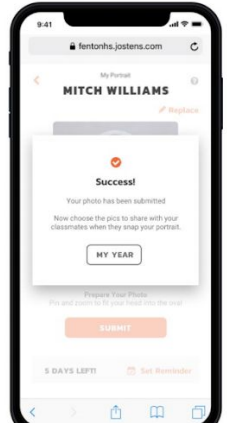

Para cargar un retrato, haga clic en el rectángulo azul. Debido a que el inicio de sesión está vinculado a su dirección de correo electrónico registrada en la escuela, Yearbook + puede identificarlo como estudiante.

Seleccione una foto del álbum de fotos del teléfono o use la cámara para tomar un retrato y usarlo inmediatamente.

Pellizque y amplíe para llenar el marco de la imagen y hacer que la cabeza encaje perfectamente dentro del óvalo.

Cuando el retrato cumpla con los criterios, recibirá un mensaje de éxito.
